Subject: NFB Planned Activities
Importance: High

Good Evening:

Attached are notes from our May 19th meeting for NFB (Direct notes from Peter and Lyndsey)

My document incorporates feedback from others regarding meeting topics, List of "to dos" we had for each group and some maps I presented to the property owners.

The designated area for staging contaminated/non-haz material will be in Staging Area 1 (Bowling Alley property) and the staging area for our trailers will be in Staging Area #2 (Weber property).

I need the information regarding the property owner liability from Guardian ASAP.

I have also attached the proposed equipment list. The majority of this is for instrumentation but there are a few Guardian items listed. The Daily Work Order has a more complete list of ERRS equipment. Please let me know if I missed anything because some of us are meeting tomorrow to obtain the items from the equipment room.

I am working from home on Friday and the next work day is the travel day on Tuesday, May 31st. Our first day on site is Wednesday, June 1st. Schedule is attached with known and proposed dates through July.

Thanks

Regards,

Eric
